Declaration
The undersigned, above-mentioned applicant, declares herewith:

1. That the data with which he / she is provided from the extracts of personal cards and personal lists provided on the basis of this application, shall be used exclusively for historical (including genealogical) research.

2. That he / she is aware of the fact that the automated processing of personal data of living persons, other than for activities for purely personal or domestic purposes, is subject to the General Data Protection Regulation. This means, for example, that publishing personal data of a living person on the Internet requires their consent. The Dutch Data Protection Authority supervises the enforcement of this regulation.

(An application that is not provided with a signature cannot be processed)

Important information about the extracts from personal cards and personal lists

The persons applied for must have died in or after 1939 as residents of a Dutch municipality. As a result of acts of war, the collection of personal cards from the years 1940-1945 is no longer complete.

The collection of paper personal cards runs up to and including 1 October 1994. Since that date a computerized system of registration has been in use, the Municipal Personal Records (GBA), known since 6 January 2014 as the Key Registry of Persons. The CBG receives lists of deceased persons from this computerized administration of the Ministry of the Interior and Kingdom Relations.

The costs of information from the National Register of Deceased Persons are calculated per set of information requested. Anyone asking for the data on eight people, for example, means that you pay for eight searches performed (whether successful or not). A number of information fields are protected, see www.cbg.nl/diensten/uittreksels-pkpl/
